HUMMINGBIRD
ESTATE

Discover Hummingbird Estate, Where Memories are Made!

As you approach the estate, meandering along the graceful driveway and through our vineyards, you'll encounter breathtaking scenery around each bend. With a sense of anticipation, you'll reach a rise where your first glimpse of the stately white English Cottage mansion appears with its signature gables. It's apparent at first sight that this is a heritage site built in the grand style of another century, a place like no other.

But you won't fully appreciate Hummingbird Estate until you tour the estate home and property finding your special place for your perfect day. Restored even beyond its original beauty, Hummingbird Estate offers its wedding clients to choose from five luxury suites (each suite has 3 rooms including its own private bathroom), and multiple locations for their perfect day.

Located just outside Jacksonville, Oregon - Hummingbird Estate is center of the Rogue Valley's wine scene and the gateway to the Applegate Valley. Elegant walled gardens, gracious patios and expansive lawns surrounding the mansion are a wedding planner's dream. Additionally, this venue offers full-service amenities for corporate events, family reunions—and any occasion that calls for an unforgettable setting.
